Education

Pune Institute of Computer Technology — Pune, Maharashtra
B.E. in Electronics and Telecommunication Engineering — *2024 – 2027*
CGPA: **9.45 / 10.0**

Sanjay Ghodawat Junior College — Atigre, Maharashtra
Senior Secondary — *2023*
Percentage: **74.33%**

G.G.P.S. English Medium School — Ratnagiri, Maharashtra
Secondary — *2021*
Percentage: **100%**

Projects

Vision Attend | *Tensorflow, OpenCV, FastAPI, React Js, Express Js, PostgreSQL* — *Feb 2025 – Apr 2025*

- Engineered a classroom attendance system from the ground up using **Siamese Neural Networks** and **Triplet Loss** to enable robust face recognition.
- Implemented real-time image capturing and processing using **OpenCV**.
- Integrated **MTCNN** for precise face detection, optimizing accuracy while minimizing background interference.
- Designed a responsive **React.js** frontend with **Express.js** backend and **FastAPI** for model inference, using **PostgreSQL** for secure data storage
- Video Demo of the Project

PersonaPredictor | *Scikit Learn, XGBoost, LightGBM, CatBoost, Optuna* — *Jul 2025*

- Built a predictive personality classifier to distinguish introverts from extroverts using behavioral data.
- Harnessed advanced gradient boosting algorithms - **XGBoost**, **LightGBM**, and **CatBoost** - to maximize model accuracy and robustness.
- Automated hyperparameter tuning with **Optuna** to accelerate model optimization.
- Orchestrated a **Stacking Ensemble** strategy to unify diverse models, boosting generalization and reducing bias-variance trade-off

Technical Skills

Programming Languages: C, C++, Python, SQL

Data Manipulation Libraries: NumPy, Pandas

Data Visualization Libraries: Matplotlib, Seaborn

Machine Learning Libraries: Scikit Learn

Developer tools: VS Code, Google Colab, Jupyter Notebook

Generative AI Frameworks: LangChain

Achievements

- Secured **1st position** in **Engineering Mathematics – III** within the department.

Volunteer Experience

- **Marketing Team** - Pulzion 2024: Raised sponsorships that enabled successful event execution.
